NOTE:

- 1) **These are pictures/photographs from 2016-2017.**
- 2) **The land and facilities are still in possession/ownership, but shrimp farming (*P. monodon*) having been abandoned in December 2017 after crop failure due to EMS (AHPND), facilities are now run-down.**

OBSERVATION:

If *P. vannamei* can be farmed here, a revival of the farm shall ensue.
